Embossers*

Embosser impressions are shown actual size but may be altered during transmission.

*Embossers can be set to imprint the top of stationery or for envelope flaps and the bottom of stationery - please specify.

Historically, embossing seals have been the choice when official documents/certificates must be sealed with an unalterable impression.

Various Corporate, Notary and Professional seals for all 50 states are available.

In addition to the suggested impressions shown, we can supply seals for use by banks, schools, governmental agencies, fraternal associations, religious organizations and others.
